"First in Professional Tuition"

## **Selection Test Tutoring: 11+.**

At the Aldridge Tuition Centre we specialise in preparing children for selective school entrance tests. Centre Director, Edward Evitt, was a teacher at Queen Mary's Grammar school for 16 years where he helped invigilate and mark the tests. This unique insight has been utilised to help children avoid common mistakes, learn vital exam technique and maximise their chance of being offered a place in a selective school. All the teachers we employ are trained to give children the chance to perform to their potential on the day of the test. Each child is tutored individually for the particular test they are taking and therefore will work on Verbal Reasoning, Non Verbal reasoning, Maths and English according to the schools requirements.

All children are given a free assessment to establish if they have a realistic chance of being prepared for the tests they are proposing to take.

As part of the enrolment procedure we ask parents to obtain copies of the relevant test papers. This stops us infringing copyright regulations. We can sell you these papers at a significant discount to high street prices.

If you would like any further information or advice about selective school exams please do not hesitate to phone us.

Lynne Evitt

Administration Officer.
